

INK HIVE User Guide

1 Introduction

Welcome to INK HIVE, a comprehensive book management system designed to cater to both customers and administrators. INK HIVE offers a range of functionalities aimed at enhancing the book purchasing and management experience.

2 Getting Started

To begin using INK HIVE, follow these simple steps:

- **Login:** Existing users can log in using their email and password.
- **Register:** New users can register by providing their name, phone number, email, and password.
- **Exit:** Exit the application.

3 Customer Functionalities

3.1 Show all books

- View a list of all available books, including details such as Book ID, Name, Genre, Price, Year, and Quantity.
- Choose a book to view its details and add it to the cart.

3.2 Show cart

- View the contents of your shopping cart.
- Remove items from the cart.
- Proceed to purchase the items in the cart.

3.3 Show order history

- View a history of all orders placed by the customer, including details of the books ordered and the quantity.

4 Admin Functionalities

4.1 Show customer logistics

- View information about customers, including Customer ID, Name, Orders Placed, and Total Order Value.

4.2 Show book logistics

- View information about books, including Book ID, Name, Total Copies Sold, and Copies in Carts.

5 Conclusion

INK HIVE offers a user-friendly interface for managing books efficiently. Whether you're a customer looking to explore a vast collection of books or an administrator monitoring logistics, INK HIVE provides the tools you need to streamline the process.

Thank you for choosing INK HIVE for your book management needs.
